This notice will be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, Asotin County Public Facilities District (“ACPFDD”) does not waive any rights or defenses regarding the applicability of Washington law, the applicability of the Washington data event notification statute, or personal jurisdiction.

### **Nature of the Data Event**

ACPFDD recently concluded its investigation into a May 2022 data security incident potentially involving unauthorized access to some of the data stored within its systems. Upon learning of the incident, ACPFD promptly worked to secure its systems and, with the assistance of third-party forensic specialists, commenced an investigation to confirm the nature and scope of the incident. The investigation determined that ACPFD was the victim of a sophisticated cyberattack and that between April 4, 2022 and May 31, 2022, an unauthorized actor may have accessed and/or acquired a limited amount of data stored on ACPFD’s aquatic centre’s systems. A comprehensive and time-consuming review of the affected data was subsequently performed to determine whether the accessible data contained any sensitive information and to identify potentially affected individuals. This review was recently concluded on January 27, 2023

The information that could have been subject to unauthorized access varies by individual and may include name, Social Security number, date of birth, state identification card number, driver’s license number, student identification number, passport identification number, financial account and banking information, medical information, username and password/security question answers, and health insurance policy or ID number.

### **Notice to Washington Residents**

On or about February 15, 2023, ACPFD provided written notice of this incident to one thousand ninety (1,090) Washington residents. Written and substitute notice are being provided in substantially the same form as the letter attached here as *Exhibit A*.

### **Other Steps Taken and To Be Taken**

Upon discovering the incident, ACPFD moved quickly to investigate and respond to the incident, assess the security of ACPFD systems, and identify potentially affected individuals. Further, ACPFD notified federal law enforcement regarding the incident as part of its initial response. ACPFD is also working to implement additional safeguards and training for its employees. ACPFD is providing access to credit monitoring and identity restoration services for twelve (12) months through Experian, to individuals whose personal information was potentially affected by this incident, at no cost to these individuals.

Additionally, ACPFD is providing impacted individuals with guidance on how to better protect against identity theft and fraud, including advising individuals to report any suspected incidents of identity theft or fraud to their credit card company and/or bank. ACPFD is providing individuals with information on how to place fraud alerts and credit freezes on their credit files, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud. ACPFD is providing written notice of this incident to relevant state regulators, as necessary.

**Re: Notice of [Extra1]**

Dear Sample A. Sample:

Asotin County Public Facilities District (“ACPF”) writes to inform you of an incident that may affect the privacy of some of your information. You are receiving this letter because you are a current or former ACPF employee or contractor, or because you are/were a member of the ACPF Aquatic Center. Although ACPF is unaware of any actual or attempted misuse of your information, ACPF is providing you notice of the incident, steps ACPF is taking in response, and resources available to help you better protect your information, should you feel it is appropriate to do so.

**What Happened?** On or about May 31, 2022, ACPF experienced a data security incident that impacted its computer systems and caused a temporary disruption to its Aquatic Center information technology (“IT”) services. We promptly worked to secure our IT systems, restore members and internal services, and, with the assistance of third-party forensic specialists, commenced an investigation to confirm the nature and scope of the incident. The investigation determined that ACPF was the victim of a sophisticated cyberattack and that between April 4, 2022, and May 31, 2022, an unauthorized actor may have accessed and/or acquired a limited amount of data stored on the Aquatic Center’s systems. A comprehensive and time-consuming review of the affected data was subsequently performed to determine whether it contained any sensitive information and to identify potentially affected individuals. On January 27, 2023, we concluded this review and determined that information relating to you was in the files that may have been accessed or acquired without authorization.

**What Information Was Involved?** As indicated above, ACPF is unaware of any actual or attempted misuse of your personal information. However, we are providing you with this notification out of an abundance of caution. Although the affected information varies by individual, the types of information present in the files that were potentially impacted by this incident included your [Extra2], and name.

**What We Are Doing.** ACPF treats the responsibility to safeguard information as an utmost priority. As such, we responded promptly to this incident and worked diligently to provide you with an accurate and complete notice of the incident as soon as possible. As part of our ongoing commitment to the privacy and security of personal information in our care, we have reviewed and updated existing policies and procedures relating to data protection and security. We also have implemented additional security measures to mitigate any risk associated with this incident and to better prevent future similar incidents. ACPF is providing notice of this incident to potentially impacted individuals and to regulators, where required.

Out of an abundance of caution, ACPF is providing you with 12 months of complimentary access to credit monitoring and identity restoration services through Experian, as well as guidance on how to better protect your information, should you feel it is appropriate to do so. Although we are covering the cost of these services, due to privacy restrictions, you will need to complete the activation process yourself.

**What You Can Do.** Although there is no evidence of any actual or attempted misuse of your information, ACPFD encourages you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements, explanation of benefits, and monitoring your free credit reports for suspicious activity and to detect errors over the next 12 to 24 months. Any suspicious activity should be reported to the appropriate insurance company, health care provider, financial institution, and/or relevant authority. You can also find out more about how to safeguard your information in the enclosed *Steps You Can Take to Protect Personal Information*. ## **Monitor Your Accounts**

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you will need to provide the following information:

1. Full name (including middle initial, as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a fraud alert or a credit freeze, please contact the three major credit reporting bureaus listed below:
