Nature of the Vendor Data Event

On or about November 13, 2025, Vikor received reports from federal and state law enforcement of a potential data privacy event that may have involved some of its patients’ information. Vikor promptly began an internal investigation to determine the source of the event. Vikor’s investigation confirmed the computer systems its Vikor, KorPath, and Korgene sites were secure and not related to the activity. Vikor subsequently learned that its third-party billing vendor, Catalyst RCM (“Catalyst”), experienced a data privacy event that resulted in unauthorized accessed to a secure file management system, resulting in certain data being copied without permission. Catalyst reported they undertook a thorough investigation and review of the data to determine whether any of the information was sensitive and to whom the information related. Catalyst then worked to find address information so Vikor could notify potentially affected individuals and appropriate regulatory authorities. Catalyst’s review was completed on or about December 12, 2025, and Vikor worked with Catalyst to notify patients as quickly as possible.

The information that could have been subject to unauthorized access for Washington residents includes: name, date of birth, health insurance information, limited medical information, and payment card information.

Notice to Washington Residents

On or about February 6, 2026, Catalyst provided written notice of its data privacy event to potentially affected individuals affiliated with Vikor on Vikor’s behalf, including approximately one thousand four hundred fifty-six (1,456) Washington residents. Written notice is being provided in substantially the same form as the letter attached hereto as ***Exhibit A***.

Other Steps Taken and To Be Taken

Upon receiving reports of a potential event, Vikor moved quickly to investigate and confirm the security of its computer systems. Vikor worked closely with Catalyst to ensure they undertook a comprehensive investigation and review of the information that was potentially impacted. Vikor is also coordinating with Catalyst ensure they review and update their protocols, policies, and procedures to reduce the likelihood of a similar event impacting Vikor patient information from occurring in the future. Catalyst is providing access to complimentary credit monitoring services for twelve (12) months, to potentially affected individuals through IDX, on Vikor’s behalf.

Additionally, Catalyst is providing potentially affected individuals with guidance on how to better protect against identity theft and fraud, including advising individuals to report any suspected incidents of identity theft or fraud to their credit card company and/or bank. Catalyst is providing individuals with information on how to place a fraud alert and security freeze on one’s credit file, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state attorney general, and law enforcement to report attempted or actual identity theft and fraud.

Vikor is providing written notice of the Catalyst data privacy event to appropriate regulatory authorities and the three major consumer reporting agencies, Equifax, Experian, and TransUnion. Vikor is also notifying its primary federal regulator, the U.S. Department of Health and Human Services, and prominent media pursuant to the Health Insurance Portability and Accountability Act.

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:
