Re: <<Variable Text 2>>

Dear <<First Name>> <<Last Name>>,

Eyemart Express, LLC (“Eyemart”) respects your privacy, and we are writing to let you know about an incident that involves your personal information.

What Happened

Eyemart learned about a cybersecurity incident on February 13, 2026 that involved unauthorized access to our systems on February 12, 2026. We were able to contain the incident and secure our systems that same day. We immediately launched an investigation to determine the nature and scope of the incident. However, we were not able to identify the affected files to a reasonable degree of certainty until on or about March 17, 2026, after which time we diligently worked to analyze the records involved in order to identify affected individuals so that we could make appropriate notifications.

What Information Was Involved

The files involved include information associated with your employment with Eyemart. This information includes your name, <<Variable Text 1>>, and payroll information.

What We Are Doing

As part of Eyemart’s response to this incident and its ongoing commitment to information security, Eyemart continues to review and update training, processes and procedures, and is working to implement measures to reduce the possibility of a similar incident in the future. In addition, Eyemart is cooperating with federal law enforcement.

When you receive your credit reports, review them carefully. Look for accounts or creditor inquiries that you do not recognize. Look for inaccurate information, such as home address or Social Security number. If you see anything you do not understand or that looks incorrect, call the credit reporting agency at the telephone number on the report.

We recommend you vigilantly review your account statements and credit reports and promptly report any suspicious activity or suspected identity theft to law enforcement authorities, including local law enforcement, your state's attorney general and/or the Federal Trade Commission (FTC). You may contact the FTC or your state's regulatory authority to obtain information about avoiding identity theft. Contact the FTC at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580, 1-877-IDTHEFT (438-4338), www.ftc.gov/idtheft.

For more information about the FCRA, please visit <https://www.ftc.gov/>.

For New York residents: You may obtain information regarding security breach response and identity theft prevention and protection from the New York Department of State, Division of Consumer Protection, 1-800-697-1220, https://www.dos.ny.gov/consumerprotection/identity_theft/.

For Oregon residents: You may obtain information regarding identity theft prevention and report suspected identity theft to the Oregon Department of Justice, <https://www.doj.state.or.us/consumer-protection/id-theft-data-breaches/identity-theft/>, 877-877-9392.

Fraud Alerts: You can place two types of fraud alerts on your credit report to notify creditors: an initial alert and an extended alert. You may place an initial fraud alert on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert lasts for one year. You may place an extended alert on your credit report by mail if you have been a victim of identity theft with the appropriate documentary proof. An extended fraud

alert lasts for seven years. You can place a fraud alert on your credit report by calling the toll-free fraud number or visiting the website of any of the three national credit reporting agencies listed below. You only need to notify one agency, because it must notify the other two agencies.

Equifax: 1-866-349-5191, <https://www.equifax.com/personal/education/identity-theft/fraud-alert-security-freeze-credit-lock/>

Experian: 1-888-397-3742, <https://www.experian.com/fraud/center.html>

TransUnion: 1-800-680-7289, <https://www.transunion.com/fraud-alerts>

Credit Freezes: You may put a credit freeze, also known as a security freeze, on your credit file so that no new credit can be opened in your name without the use of a PIN number and/or password that may be issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to access your credit report unless you lift the freeze.

Therefore, using a credit freeze may delay your ability to obtain credit. There is no fee to place, lift and/or remove a credit freeze. *Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting agency.* Contact the three major credit reporting agencies to place a credit freeze and learn more information:
