Re: *Notification of Data Security Incident*

Dear Attorney General Ferguson:

We represent CWGS Group (“CWGS”), 250 Parkway Drive, Suite 270, Lincolnshire, Illinois 60069 in connection with an incident that may have involved the personal information of five hundred forty-nine (549) Washington residents. CWGS is reporting the incident pursuant to WASH. REV. CODE § 19.255.030(1). This notice will be supplemented, if necessary, with any new significant facts discovered subsequent to this submission. While CWGS is notifying you of this incident, CWGS does not waive any rights or defenses relating to the incident, this notice, or the applicability of Washington law on personal jurisdiction.

NATURE OF THE INCIDENT

On February 9, 2022, CWGS learned of suspicious activity on its network. Upon discovering the incident, CWGS promptly began an internal investigation and engaged a forensic security firm to investigate and secure its computer systems. The investigation determined that an unknown third party accessed CWGS’s systems from January 14, 2022 to February 13, 2022 and that certain personal information may have been accessed and/or acquired from its systems as a part of the incident. CWGS conducted a comprehensive review of the involved data to determine if it contained any personal information. On July 20, 2022, CWGS determined that the data contained the name, date of birth, Social Security number, driver’s license/state ID number, military ID number, passport number, digital/electronic signature, financial account number, and/or debit/credit card number with and without CVV and/or expiration date of Washington residents. At this point, CWGS is not aware of any fraud or identity theft to any individual as a result of this incident.

NUMBER OF RESIDENTS NOTIFIED

On July 20, 2022, CWGS determined that the personal information of five hundred forty-nine (549) Washington residents may have been involved in the incident. As noted in our email to your office on July 28, 2022 and as discussed during our teleconference on August 1, 2022, CWGS has been cooperating with federal law enforcement's investigation of the incident and, at the request of the Department of Justice, CWGS delayed notification while its investigation was ongoing. CWGS now has permission from law enforcement to provide notification of the incident. CWGS is notifying the residents of the incident by letter today, November 7, 2022. The notification letter will include an offer for twelve (12) months of complimentary credit monitoring and identity theft protection to the individuals that had their Social Security number, driver's license/state ID number, and/or passport number potentially involved. Enclosed is a copy of the notice that is being sent to the residents via first-class United States mail.

STEPS TAKEN RELATING TO THE INCIDENT

It also engaged a forensic security firm to investigate and confirm the security of its computer systems. Finally, as discussed above, CWGS is notifying the potentially involved individuals, providing free credit monitoring services to the individuals that had their Social Security number, driver's license/state ID number, and/or passport number potentially involved, and providing individuals with information on how they can protect themselves against fraudulent activity and identity theft.

Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Fraud Alerts: You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a Personal Identification Number (PIN) that is issued to you when you initiate the freeze. A credit freeze can be placed without any charge and is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. As the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies below to find out more information:
