RE: Notification of Data Security Event / St. Hubert Church

Dear Attorney General:

We are writing to inform you of a security incident that may have affected some of our parishioners. On August 20, 2020, a laptop computer owned by St. Hubert's Church was stolen from an employee's automobile. Law enforcement was promptly informed. Although the laptop was protected by certain security features and required a pin number to access it, the laptop's hard drive was not encrypted.

The laptop contained our parishioner tracking database, which includes information such as names of parishioners, contact information, and dates of birth. We identified personal information—dates of birth—for 657 Washington residents. We have no indication that this event resulted in any misuse of personal information.

We began notifying Washington State residents via letter on September 18, 2020, and we have attached a sample copy of the notification. We are offering one year of free credit monitoring services to those whose personal information was impacted.

If your office requires any further information in this matter, please contact me at (206) 839-4340 or aswaminathan@orrick.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Aravind Swaminathan".

Dear <<first\_name>> <<middle\_name>> <<last\_name>> <<suffix>>,

We are writing to inform you of a security incident that may have affected some of our parishioners. On August 20, 2020, a laptop computer owned by St. Hubert's Church was stolen from an employee's automobile. Law enforcement was promptly informed. Although the laptop was protected by certain security features and required a pin number to access it, the laptop's hard drive was not encrypted.

#### ***What Information Was Involved***

Our records indicate that this security incident may have affected some of your personal information. The laptop contained our parishioner tracking database, which includes information such as names of parishioners, contact information, and dates of birth. **The thief did NOT access credit card information or Social Security numbers**, since this information was not stored on this laptop. We have no indication that this event resulted in any misuse of your personal information but are notifying you so you can take certain precautions.

#### ***What We Are Doing***

We take data security very seriously, especially as it relates to personal information. We deeply regret that this situation occurred and are offering you free credit monitoring, provided by Experian. Please refer to the credit monitoring section of this letter, Attachment A, for more information about these credit monitoring services and how to sign up.

#### ***What You Can Do***

We encourage you to consider taking the following precautions:

- We urge you to remain vigilant against threats of identity theft or fraud. Regularly review and monitor your account statements and credit history for any signs of unauthorized transactions or activity. Report any unauthorized activity on your credit or banking accounts to your credit or banking providers immediately.
- Be alert for "phishing" emails from someone who acts like they know you and requests sensitive information over email, such as passwords, Social Security numbers or bank account information.
- It is always best practice to change your financial account passwords often.
- If you suspect you are the victim of identity theft or fraud, you have the right to file a report with the police or law enforcement.
- You may contact the FTC or the Washington State Attorney General to learn more about protecting yourself against identity theft. Attachment B, titled "Additional Information to Protect Yourself," has more information about steps you can take to protect yourself against identity theft or fraud.

#### ***For More Information***

For more information about this matter, or if you have additional questions or concerns, you may contact the church directly at [pastoralasst@whidbey.com](mailto:pastoralasst@whidbey.com). Again, we sincerely regret any concern this matter may cause.

Sincerely,

Susan Walker  
Pastoral Administrator, St. Hubert Church

### Additional Information to Protect Yourself

To protect against possible fraud, identity theft or other financial loss, we encourage you to remain vigilant, to review your account statements and to monitor your credit reports. Provided below are the names and contact information for the three major U.S. credit bureaus and additional information about steps you can take to obtain a free credit report and place a fraud alert or security freeze on your credit report.

#### INFORMATION ON OBTAINING A FREE CREDIT REPORT

U.S. residents are entitled under U.S. law to one free credit report annually from each of the three major credit bureaus. To order your free credit reports, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call toll-free (877) 726-1014.

#### INFORMATION ON IMPLEMENTING A FRAUD ALERT OR SECURITY FREEZE

Consider contacting the three major credit bureaus at the addresses below to place a fraud alert on your credit report. A fraud alert indicates to anyone requesting your credit file that you suspect you are a possible victim of fraud. A fraud alert does not affect your ability to get a loan or credit. Instead, it alerts a business that your personal information might have been compromised and requires that business to verify your identity before issuing you credit.

A security freeze prohibits a credit-reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit, mortgages, employment, housing or other services.

A credit-reporting agency may not charge you to place, temporarily lift or permanently remove a security freeze. To place a fraud alert or security freeze on your credit report, you must contact the three credit bureaus below:

Equifax:  
Consumer Fraud Division  
P.O. Box 105069  
Atlanta, GA 30348  
(888) 836-6351  
[www.equifax.com](http://www.equifax.com)

Experian:  
Credit Fraud Center  
P.O. Box 9554  
Allen, TX 75013  
(888) 397-3742  
[www.experian.com](http://www.experian.com)

TransUnion:  
TransUnion LLC  
P.O. Box 160  
Woodlyn, PA 19094  
(800) 909-8872  
[www.transunion.com](http://www.transunion.com)

You may obtain information about preventing identity theft at [atg.wa.gov/identity-theftprivacy](http://atg.wa.gov/identity-theftprivacy). You may also contact the U.S. Federal Trade Commission ("FTC") for further information on fraud alerts, security freezes and how to protect yourself from identity theft. The FTC can be contacted at 600 Pennsylvania Ave. NW, Washington, DC 20580; telephone (202) 326-2222; or [www.consumer.gov/idtheft](http://www.consumer.gov/idtheft).
