Under the Freedom of Information Act (5 U.S.C. §552) and HHS regulations at 45 C.F.R. Part 5, OCR may be required to release information provided in your breach notification. For breaches affecting more than 500 individuals, some of the information provided on this form will be made publicly available by posting on the HHS website pursuant to § 13402(e)(4) of the Health Information Technology for Economic and Clinical Health (HITECH) Act (Pub. L. 111-5). Additionally, OCR will use this information, pursuant to § 13402(i) of the HITECH Act, to provide an annual report to Congress regarding the number and nature of breaches that are reported each year and the actions taken to respond to such breaches. OCR will make every effort, as permitted by law, to protect information that identifies individuals or that, if released, could constitute a clearly unwarranted invasion of personal privacy.

I attest, to the best of my knowledge, that the above information is accurate.

Re: Notice Regarding Breach of Protected Health Information of __________________

Dear [Name]:

Kline Galland Hospice Services has discovered that a breach of protected health information ("PHI") affecting you occurred on December 23, 2018. We are very sorry to report that on that date a file containing information about you was stolen from our hospice nurse’s car during a break-in. This theft was reported to the Renton Police Department on that date.

Although we do not believe the records taken were the thief’s target, Kline Galland would nevertheless like to offer _________________ at no cost a one year Premier AAA membership, featuring AAA’s "Identity Theft Restoration Program." The benefits of this AAA Premier Membership’s Identity Theft Restoration Program are outlined in the enclosed brochure. If you would like to take advantage of this offer, please call me (206-456-9881 ext 193), or email me at jeand@klinegalland.org and I will take care of the enrollment at no cost to you.

Very truly yours,

Jean M. DeFond, JD, CIPP/US
Chief Compliance Officer and Counsel
AAA Identity Theft Restoration Program

Introducing what is perhaps the most valuable piece of protection you need today – complimentary with your AAA Premier membership.

Any of the nearly nine million Americans a year who have had their personal information stolen can tell you what an expensive and time-consuming process it is to achieve full restoration of “a good name.” From dealing with consumer reporting agencies to any number of governmental agencies, it can take anywhere from 100 to 1,200 hours to resolve the issues created by identity theft.

The AAA Identity Theft Restoration Program is a comprehensive restoration service that helps victims of this intrusive crime get their lives back to normal. It uses licensed investigators with thousands of hours of experience to act on the victim’s behalf, not just as a “counselor,” to rectify the issue.

FOR VICTIMS, THIS PROGRAM WILL:

- Confirm fraud and identify its starting point or source
- Investigate known, unknown and potentially complicated trails of fraudulent activity
- Explain the victim’s rights
- Make phone calls on the victim’s behalf
- Issue fraud alerts, and victim’s statements when warranted, with the three consumer credit reporting agencies (Experian, Equifax and TransUnion), Social Security Administration, Federal Trade Commission and U.S. Postal Service
- Prepare appropriate, effective documentation – from dispute letters to defensible complaints
- Contact, follow up and escalate issues with affected agencies and institutions, such as banks and credit unions; check clearinghouses; credit card companies; landlords, property managers and mortgage companies; billing services and collection agencies; and car dealerships

In addition, it should be noted that identity fraud is not limited to credit-related schemes. This is why investigators also search for outlying activity in non-credit components.

INVESTIGATORS WILL EXTEND THEIR SEARCH TO INCLUDE:

- Criminal data at federal and state levels
- State Department of Motor Vehicles records
Public records, where fraud-driven liens or bankruptcies could surface

Social Security tracking, for fraudulent addresses or status entries

Online research sites known mainly to the investigative community

Banking and postal records

Certain “watch lists” familiar to the security industry

Other sources of fraud indicators

While the licensed investigators in this program do most of the work for the victims, they can also provide expert consultative advice for those situations that don’t require restoration services. These services may be provided before (or after) an identity theft occurs.

CONSULTATION SERVICES MAY INCLUDE:

What to do upon receiving a security breach letter indicating personal information has been compromised

Best practices and assistance regarding e-mail/phishing and pharming

Best practices regarding common schemes and scams

Best practices for shopping and communicating online

Best practices for the use of Social Security/Social Insurance Numbers and Personal Identifying Information
